REQUEST REVIEW	Traffic Safety/Signals	Flashing yellow light at South Mission and Peppertree Lane	Circulation Committee

Priority Number	* Project type selections	Project Name, Description, and Limits	Recommended By?
Prioritize your projects by importance. Which ones you would like constructed first.	Road Reconstruction/New Roads	Give the project a name: ex. Alpine and Tavern Intersection Improvements	Who recommended the project.
	Sidewalk/Pathways	Describe the improvements required: New continental crosswalks at all 4 corners.	Ex. 3 local business owners have requested the project due to multiple patrons who have almost been hit by cars while crossing the intersection.
	Drainage	New ADA compliant ramps at all 4 corners. Add left hand turn lane on Tavern turning east Alpine.	
	Traffic Signals	Limits: ex. 100 feet east, west, north and south of the intersection of Alpine Blvd and Tavern Rd.	
	Intersections		
	Bridges		
	Bicycles
